Applicant's election of claims 17-20 & 26-39 is acknowledged. Because applicant did not distinctly and specifically point out any errors in the restriction requirement, the election has been treated as an election without traverse (MPEP 818.03(a)).

Claims 21-25 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 17 & 20 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Simo et al 6,142,896.

Claims 26-39 are allowed.

Claims 18 & 19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten
